# Research Results Report
# Tara A. Fantauzzi, Professional Genealogist

## Summary of Research Results:

One hour of correspondence time was applied submitting requests to the National Archives and Records Administration (N.A.R.A) to obtain a full copy of an original pension file for Micajah S. Mack Napier and to submit a request to the Daughters of the American Revolution to obtain a copy of a previous application related to Lewis Green (Patriot Ancestor No. A047198). Genealogist has not received a response yet from N.A.R.A. regarding the pension file for Micajah S. Mack Napier and an update will be provided to client after a response is received.

Genealogist obtained a previous application citing Patriot Ancestor No. A047198 named Lewis Green. During the process of searching the D.A.R. catalog many applications were cited for Patriot No. A047198 named Lewis Green. After the first application was received and analyzed genealogist searched the D.A.R. catalog for another application with annotations that indicated more conclusive evidence was submitted as proof, but was unable to find another application that contained more conclusive data to review, which is why a second application for A047197 was not requested by genealogist.

One and a half hours of research time was applied completing a digital collections survey to learn more about the identity of Lewis Green and his descendants as outlined by client on her Ancestry member account with a focus to learn more about the military service of Lewis Green as well as verify and prove the identities of his direct descendants related to client. Genealogist pinpointed Richard Lewis Wilson as the best identity to begin research on in relation to his direct line that leads to the identity of Lewis J. Green. It is important to note Richard Lewis Wilson was said to have been the son of Simeon Wilson; Simeon Wilson was said to have been the son of Jonathan Wilson and Mary Ruth A. Green; Mary Ruth A. Green was said to have been the daughter of Lewis J. Green. It is this lineage that must be strengthened by seeking out as many copies original documentation as possible to link each generation to one another.

The research survey and correspondence work yielded six positive results; specifically, a combination of U.S. census and military records as well as record index entries related to the the identity and direct descendants of Lewis Green in relation to client.

An important negative finding to report was the inability to find a probate record from Clay County, Kentucky to help verify and prove the father to son relationship between Richard Lewis Wilson and Simeon Wilson.

A result is pending from N.A.R.A. regarding the full pension file of Micajah S. Mack Napier and an update will be provided to client after a response is received. Genealogist did not prepare research recommendations yet until client connects with genealogist to discuss the outcome of this phase and research strategies moving forward.

Every document that was obtained through research was analyzed and a summary of your research results can be found below. Images of all the records can be downloaded from your *Customer Dashboard* at **www.capitalgenealogy.com/susan-napier**.

## Research Results - Documents:

### GREEN - U.S. Revolutionary War Pension and Bounty-Land Warrant Application Index Entry for Lewis Green
