

## Correspondence Results Report Tara A. Fantauzzi, Professional Genealogist

### Summary of Correspondence Results:

Forty-five minutes of correspondence time was applied submitting a request and communicating with Paolo Campagna to obtain a copy of an original certificate Italian civil birth record for Francescantonio Petrucci. Paolo Campagna delivered (1) a copy of an original Italian civil birth record for Francescantonio Petrucci and (2) image of a certified birth extract for Francescantonio Petrucci.

After a review of the items obtained by Paolo Campagna genealogist noted that the civil registrar from San Giovanni Incarico made an error on the certified birth extract for our subject because he misreported in box 4 that our subject was born in 1992 not 1892. At the top of the document the right year of birth was reported as being 1892. The genealogist contacted Paolo Campagna regarding this typo and a new record will be obtained from the town for client to subject for the purposes of her Italian dual citizenship application.

Now we must wait for a new hard copy to be mailed to Paolo Campagna that is completely accurate and reports in box 4 that our subject was born during 1892. After Paolo receives a hard copy it will need to be mailed from him to the U.S.

Every document that was obtained was analyzed and a summary of your research results can be found below.
