

Initial Consultation Report

Tara A. Fantauzzi, Professional Genealogist

The purpose of this report is to summarize the data and goals for your project. Please review the information in this report carefully and report if any additional information is known at project start or if any of the information should be changed or corrected.

Summary of Research Recommendations:

Client has a desire to learn more about the European origins of her direct ancestors. It was discovered that the Hemenway 'Hemingway' family lineage most likely had origins from Yorkshire, England. Client has a few other lineages related to her that may have European origins but no previous research has been completed yet on their identities. At project start client submitted information that genealogist interpreted to create a pedigree chart to visualize what is known about the identities of her direct ancestors. Below are recommendations to complete research on the lines related to client that have not been investigated yet. If client has an interest for genealogist to develop research recommendations to learn more about the direct ancestors of husband additional information should be submitted to better understand what is known about his lines at project start.

(1) Identity & Direct Ancestors of Loren Paul Meyers

Genealogist recommends applying up to one hour of research time completing a digital collections survey on the identity and direct ancestors of Loren Paul Meyers.

Digital Collections Survey is a term we use to describe a research survey that exhausts all available collections of documents that are published online including but not limited to Ancestry.com and other premium information service databases. Copies of original documentation may include census, vital, military, probate, land and church records; secondary documentation may include copies of record transcriptions, record index entries and published genealogies.
