

Initial Consultation Report Tara A. Fantauzzi, Professional Genealogist

The purpose of this report is to summarize the data and goals for your project. Please review the information in this report carefully and report if any additional information is known at project start or if any of the information should be changed or corrected.

Summary of Research Recommendations:

Client has a desire to learn more about the European origins of her direct ancestors. It was discovered that the Hemenway 'Hemingway' family lineage most likely had origins from Yorkshire, England. Client has a few other lineages related to her that may have European origins, but no previous research has been completed yet on their identities. At project start client submitted information that genealogist interpreted to create a pedigree chart to visualize what is known about the identities of her direct ancestors.

On 2-5-2019 client reported she has a desire to focus on her direct line of Tempero ancestors. Genealogist recommends applying up to one hour of research time completing a digital collections survey on the identity and direct ancestors of Richard Tempero.
