

## Research Results Report Tara A. Fantauzzi, Professional Genealogist

### Summary of Research Results:

One hour of correspondence time was applied submitting a request for a copy of an original marriage record for Joseph Freundlich and Ida Gold from the New York City Municipal Archives as well as to request copies of original birth and marriage records for Bernard Gollub and a death record for Benjamin Gollub and Gneshe Chertov.

Two hours and thirty minutes of research time was applied completing a digital collections survey to learn more about (1) the identity and direct ancestors of Joseph Freundlich, (2) the identity and direct ancestors of Ida Gold and (3) the identity and direct ancestors of Bernard Gollub. The research survey was stopped short by thirty minutes due to a high number of negative findings regarding the identity and direct ancestors of Bernard Gollub.

The research survey and correspondence work yielded nineteen positive results; specifically, a combination of census, vital, migration and naturalization records as well as record index entries.

Every document that was obtained was analyzed and a summary of your research results can be found below. Images of all the records can be downloaded from your *Customer Dashboard* at [www.capitalgenealogy.com/barbara-freundlich](http://www.capitalgenealogy.com/barbara-freundlich).
