

# Research Results Report

## Tara A. Fantauzzi, Professional Genealogist

---

### Summary of Research Results:

One hour and forty-five minutes of research time was applied completing a digital collections survey to learn more about the identities and direct ancestors of George R. Ludwig and his wife Lizzette P. Heilmann beginning with their parents. Goals of this phase were to find copies of original documentation that reported their specific places of origin as well as the dates of death for the parents to our subjects George R. Ludwig and his wife Lizzette P. Heilmann. The research survey yielded two positive results; specifically, two obituaries from newspaper records found for George R. Ludwig and his wife Lizzette P. Ludwig.

It was not possible to determine the specific places of origin in present-day Germany for George R. Ludwig and his is parents or the parents of his wife Lizzette during this phase.

Obituaries were found on our primary subjects, but those records did not indicate the specific place of origin for George R. Ludwig or report more information about the identities of the parents to Lizzette. It was not possible to locate naturalization records or census records on the parents to our subjects to refine their specific places of origin as well as approximate their dates of death after genealogist completed searches for those records.

Every document that was obtained through research was analyzed and a summary of your research results can be found below. Images of all the records can be download from your *Customer Dashboard* at <http://www.capitalgenealogy.com/george-ludwig>.
